
	<b>LOVE VET</b> Outcome 5 Transfer partner	
---	--	---

### **Activities of Transfer Partners:**

- Memorandum of Understanding that the organization will be transfer partner in LOVE VET project,
- introducing the local / regional training network of the transfer partner in the project (for example, chamber, school, farms)
- translation of the materials developed (training concepts, elove app) in the national language,
- Preparation, participation and follow-up of an information meeting for LOVE VET concept of a "new educational culture" with members of the local / regional training network (the partner of LOVE VET project cooperate in carrying out the meeting as experts)
- Willingness to act as a regional multiplier of the LOVE VET project to spread the project idea of a new "learning and teaching culture".

### **Provided by LOVE VET project partners:**

- developed and tested training concepts/materials for teachers and trainers,
- tested materials and software to develop competence grids,
- developed and tested eLOVE application to support the competence and learner-centered learning,
- participation in an information session for LOVE VET concept of a "new learning and teaching culture" with introduction to the materials / software,
- assistance / support for the introduction of a "new learning and teaching culture" in the LOVE VET project.

### **Provided (additionally) by LOVE VET transfer partners:**

- acquisition of partners for a local/regional LOVE VET network
- assumption of the travel and accommodation costs of the LOVE VET experts
- dissemination LOVE VET activities in the local / regional media
